

alternative

- 1. Choose which side of desk to mount shelf onto.**
- 2. Place shelf upside down on a clean surface (according to your preferred configuration) and place mounting bracket on top as per illustration. Make sure it is centered.**
- 3. Drive 1/2 inch wood screws ONLY directly into wood using a power driver. Do not overdrive.**
- 4. Mount bioshelf assembly onto desk with clamp mount on any edge, or grommet mount through grommet holes. Always center weight on shelf. NOT FOR MONITORS.**
